

Discovery

Bumper with Intergrated Winch Mount

Made from 6mm steel folded plate and polyester coated. No drilling or modification required other than the removal of the front spoiler. The integrated bumper is fully compatible with the Bearmach aluminium sump guard (BA 083A).

Suitable for the following winches.

Warn 6/8000 "M" and "MX" series. - XD9000

Superwinch X6 and X9

All T-Max Range

(Not Come-up, and does not suit the Husky winch)

BA 175

Discovery (1989-1998)

Winch Plate

Chassis mounted winch plate, will take 6,000 or 8,000lb Warn and T-Max 6000-9000lb EW. Auto oil cooler may need to be relocated. Fits discreetly and with minimum cutting of spoiler required.

BA 2144

Chassis Mounted

Discovery (89-98)

Front Lamp Guards

Made of steel and nylon coated. All brackets are nylon coated all bolts are stainless. The front light guards incorporate a power wash cut out designed to ensure the vehicles headlamp washers are not impeded. Units can be removed for easy cleaning of headlights. No drilling required.

BA 104

Pair

Discovery (1989-1998)

Rear Lamp Guards

Made from mild steel with a durable, powder coated finish, these rear lamp units fix without drilling, as the brackets slip behind the lamp units.

BA 105

Pair

Discovery

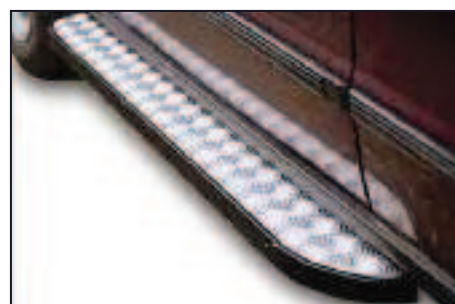

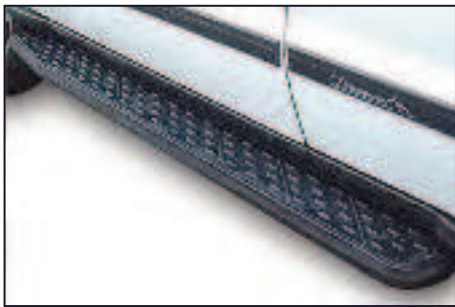

Side Step with Aluminium Tread

Steel frame construction, galvanised coating with aluminium tread plate and rubber edge moulding. Easy to install as it picks up on body mounting bolts in the chassis, and it is only necessary to drill two further holes on each side step to ensure you have a very solid chassis mounted side step.

BA 092

Discovery

Side Step with Rubber Tread

Galvanised steel frame construction with a dimpled, moulded rubber tread inset. Also has rubber edge moulding. Easy to install as it picks up on body mounting bolts in the chassis, and two holes drilled through the outrigger.

BA 100

Discovery

Wheel Arch Extension

Fibreglass wheel arch extensions available with or without notches cut out to accommodate the rubbing strips. Supplied in black but can easily be sprayed to match vehicle colour. (Image shows similar product fitted to a Range Rover)

Mallory Unilite Distributor

Accurate timing that's maintenance free. These Mallory Unilite distributors give you accurate, maintenance free ignition timing. Instead of old-fashioned points systems, they have photo-optic LED triggering systems that never vary or wear out. You get increased RPM potential, improved combustion, longer spark plug life, and better cold-weather starting.

Hooking one up is a simple 3-wire connection, and they come with your choice of adjustable mechanical and/or vacuum advance, self-lubricating bushings, and a Super-Duty cap and rotor. (Mallory Distributor Ballast should be fitted with distributor)

Carburettor and Induction Manifold Conversion For Rover 3.5 V8

Suitable for Rover V8 vehicles equipped with S.U. Or Stromberg carburettors from 1970-1987. This kit features Weber 4 barrel downdraught carburettors and dual plane induction manifold. The conversion has been developed for improved engine torque and fuel economy. Although calibrated for Range Rover 3.5 models, it is also suitable for many other Rover V8 applications, and for those wishing to carry out engine tuning modifications. For applications other than Range Rover 3.5 models, calibration changes/adjustments may be necessary.

This conversion can be carried out by a competent D.I.Y. mechanic (with basic tool kit), and comes complete with detailed fitting instructions, covering various models.

The kit comprises of:

Carburettor; Manifold; Air Filter; Throttle linkage*; Fuel line connections/Fuel Filter; Engine breather/pulse air system; Hose connections; All necessary gaskets, seals and fixtures.

*Automatic transmission vehicles will require supplementary kick down linkage kit - Part Number BR 2236A.

Automatic transmission vehicles will require this supplementary kick down linkage kit.

Detroit Diff Locker - Rover Differential

The Detroit Locker is a fully automatic locking traction differential that is well known for premium performance and dependable operation. Preload devices between the side gears deliver 100% torque and power to both drive wheels yet unlock automatically to permit necessary wheel speed differentiation.

The Detroit Locker is trouble-free as it does not require service adjustments or special lubricants. Easy to install, no special tools or case modifications required. One year Limited Warranty. (*Please specify spline type when ordering)

BA 207	10 Spline - Inc carrier	Discovery
BA 207A	24 Spline - Inc carrier	Discovery

Detroit True Trac - Rover Differential

This unit features a gear-type limited slip design (no clutch or friction plates to wear out). Its positive gear action automatically splits the torque with none of the steering problems associated with other traction "diffs".

Power transfer is so smooth that it is unnoticeable through the steering wheel when fitted in front drive steering axles. It performs as a standard differential on normal highway driving - then automatically engages when needed in wet, muddy or icy conditions.

BA 209	10 Spline - Rear	Discovery
BA 209F	10 Spline - Front	Discovery
BA 209A	24 Spline - Rear	Discovery

HEAVY DUTY TRANSMISSION

VEHICLE SPECIFICATION	CV JOINT	FRONT SHAFT	REAR SHAFT	DRIVE FLANGE (FRONT)	DRIVE FLANGE (REAR)
Without ABS - upto VIN JA032850 (see note 3)	BA 5764	BA 5752	BA 5750	*5806/M	*5806/M
With ABS - from VIN JA032851 (see note 2)	BA 5760	BA 5752	BA 5758	FTC859A	FTC859A

Note 2: Our CV joints can only be fitted with our or other 23 spline shafts. If your rear shafts have integral flanges it will be necessary for you to fit other flanges.

Note 3: To fit our CV joints you will need to purchase modified stub axles (part no.Mod stubs) & you will need our 5806/M to fit.

* - Special Order parts.
